

(2) To serve as a forum for resolution of water control problems among U.S. Army Corps of Engineers Divisions within the Mississippi River Basin when agreement is otherwise unobtainable.

(d) *Composition.* The Mississippi River Water Control Management Board is a continuing board consisting of the Director of Civil Works and Division Engineers serving in LMVD, MRD, ORD, NCD and SWD. The Director of Civil Works serves as permanent chairperson.

(e) *Responsibilities.* The Board functions under the general direction of the Chief of Engineers and is responsible for:

(1) Oversight of procedures for maintaining and improving inter-divisional coordination of water control management activities within the Mississippi River Basin.

(2) Oversight of the development and use of facilities (physical and computer models, Automatic Data Processing Equipment, and communications and information dissemination networks) needed to provide the best obtainable water control system for the entire Mississippi River Basin, utilizing the coordinated capabilities of projects now in operation and scheduled to be placed in operation in the reasonably near future.

(3) Oversight of basin-wide operating/regulation plans for U.S. Army Corps of Engineers projects in the Mississippi River Basin.

(4) Periodic reports to the Chief of Engineers regarding the Board's activities and its plans.

(f) *Procedures.* The procedures used by the board to carry out its responsibilities are as follows:

(1) The Board meets periodically to review past activities and project operations, and to discuss new or revised basin-wide operating/regulation plans.

(2) The Board acts on all proposals for (temporary or permanent) deviation from approved basin-wide operating plans.

(3) The Board provides instructions to committees under its jurisdiction and reviews their recommendations for improvements in basin-wide water control management.

(g) *Board authority.* The Mississippi River Water Control Management Board is delegated authority to establish continuing or ad hoc inter-divisional operating or study committees comprised of U.S. Army Corps of Engineers personnel to facilitate the work of the Board.

(h) *Funding.* Routine activities of the Mississippi River Water Control Management Board and its committees, such as travel and meeting expenses, will be funded by the separate members' offices using General Expense funds otherwise available. Major expenses connected with special studies or activities will be funded through the normal budgetary process. Budget requests will be supported by appropriate justification material.

§ 230.1 Purpose.

This regulation provides guidance for implementation of the procedural provisions of the National Environmental Policy Act (NEPA) for the Civil Works Program of the U.S. Army Corps of Engineers. It supplements Council on Environmental Quality (CEQ) regulations 40 CFR parts 1500 through 1508, November 29, 1978, in accordance with 40 CFR 1507.3, and is intended to be used only in conjunction with the CEQ regulations. Whenever the guidance in this regulation is unclear or not specific the reader is referred to the CEQ regulations. Appendix A provides guidance on processing NEPA documents except for those concerning regulatory actions. Appendix C (formally ER 200-2-1) has been added to provide guidance on preparing and processing a notice of intent to prepare an EIS for publication in the FEDERAL REGISTER for all types of Corps actions. 33 CFR part 325, Appendix B provides procedural guidance for preparing and processing NEPA documents for regulatory actions.

§ 230.2 Applicability.

This regulation is applicable to all HQUSACE elements and all Field Operating Activities (FOAs) having responsibility for preparing and processing environmental documents in support of Civil Works functions.
